Aside from the incredible entertainment, poker room, and custom dance floor, there are **five** unique event enhancements that we consider the “**must-haves**” to create an extraordinary, unforgettable experience for you and your guests.

5. Signature Drinks

Signature drinks are a fun way to add a little extra “you” into your event. From a *Mint-To-Be Mojito* to an Old-Fashion with a twist, your guests are sure to enjoy your favorite, go-to drink as a way of celebrating you!

4. Sushi & Oyster Bars

Elevate any party with this special take on a seafood station!

Offer your guests an amazing spread of fresh, assorted sushi rolls or present different types of oysters in a boat, shucked to order and “SEA” your guests indulge in a special, nautical experience!

3. Hanging Charcuterie

Charcuterie boards have been all the rave the last few years, and **foodwerx** wanted to take this simple appetizer to the next level. Individual charcuterie skewers hung from a custom-made rack are certain to grab your guests’ attention and have them sing praises of this party classic turned into a visual work of art.

2. Champagne Girl

Come on, need we say more?
